FILE: 10-5

25X1 1. I telephoned the Director of Security's office (Relda) and relayed the following tasking from the DCI (message relayed to me by Special Assistant to the DCI).

The DCI requires by COB Tuesday, 2 December:

- ° the status of all leak investigations. The DCI was given an extensive paper on this but he wants this information.
- ° the status of what we have done internally, what we are now doing, and what remains to be done internally.
- ° what has been done and what needs to be done externally and by whom.
- ° he asked specifically in whose court is the ball on each leak.

- 25X1
- ° is there anything that we should be doing that we are not.

2. The DDA will be tasked at the Tuesday, 3 December DCI Staff Meeting if there is any follow-up on these questions or any new requirements.

25X1 3. The Director of Security was asked to coordinate this tasking with Chief, Security Committee and to send his paper via the DDA.
